

Radiators 4u

Victorian 4 Column Clearance Radiators 460mm High

This range is competitively priced and available next day. Next working day delivery is free if ordered by 11am, on grey primer finishes. We also offer three popular paint finishes (satin black, graphite grey and foundry grey) which pushes delivery out by 2 days.

Delivery - we can offer next working day delivery to almost the whole of the mainland UK, but if you live in a more remote location, please contact us and we can advise on how quickly we can deliver. Due to the size and weight of the radiators, they are delivered on a pallet, with a kerbside service, so you will need more than one person to remove them safely from the pallet and into your property. See our guide to taking delivery of cast iron radiators. Next day and clearance stock is supplied with a full 1 year manufacturer's warranty. You can buy online or call one of our radiators experts, who'll be very happy to help and advise you in your purchase of a cast iron radiator and any accessories you may require.

Showroom - You are welcome to visit our radiator showroom in Portsmouth and view these products.

Total Height (A): 460mm
 Depth (B): 140mm
 Pitch between tappings (C): 310mm
 Height to Tapping (D): 105mm
